**Note:** Most consumers up to 138% FPL will be eligible for Medi-Cal. If ineligible for Medi-Cal, consumers may qualify for a Covered California health plan with financial help including: federal tax credit, Silver (94, 87, 73) plans and AIAN plans.

\* Consumers at 400% FPL or higher may receive a federal premium tax credit to lower their premium to a maximum of 8.5 percent of their income based on the second-lowest-cost Silver plan in their area. See the chart on page 2 for more information.

If you received unemployment benefits anytime in 2021, report this to Covered California. Starting in the Summer of 2021, we will redetermine your eligibility. If eligible, you will receive the same benefits as someone with 138.1% FPL.

The cost of your Covered California premium is based on your household's Federal Poverty Level percentage and the cost of the QHPs available where you live.
